

As Seen on Action 3 News Midday - 9/26/2007

From cleanings to braces, caring for your child's teeth can get expensive, and many Nebraska families can't provide routine dental care. That's why the Junior League of Omaha is partnering with One World Community Health Center and the Ronald McDonald House Charities to provide free dental care for one Omaha elementary school for an entire year. You can help by attending the "Toast to Omaha." This event will have a silent and oral auction and raffle drawing for diamond earrings. All proceeds will go to the Junior League of Omaha projects and the Dental Care Mobile. Tickets are available by going to www.juniorleagueomaha.org. The event is Friday, September 28th from 7:00 p.m. to 11:00 p.m. at 1316 Jones Street. Tickets are \$60 per person.
